## Y. M. C. A. Notes

(Communicated)

One of the questions that is being raised by many citizens to day is: "What is this Y.M.C.A. project that is being talked of?" This is a reasonable question and has a right to be answered in a courteous manner. This article is an attempt to explain at least some of the features of the work for the satisfaction of those who wish to know.

Mostly everyone is familiar more or less with the work of the Young Men's Christian Association and the splendid work it is doing with young men and boys the world over. It is a movement with many departments, each department specializing on some phase of of human development. The departments are the "Physical," specializing on the physical development of young men and boys; the "Boys' Work," specializing in work for boys particularly; the "Railway" specializing in work for railway men at terminal points, etc.; the "Military," specializing in work among soldiers in camp, in Red Triangle Huts, in Association buildings, on Troop trains both at home land overseas. The most recent adventure of this movement is its work in the small towns and country places. This is called its "Rural" department.

As we think of the Y.M.C.A., we naturally think of it as a city institution, and as far as its Canadian work is concerned (outside of the military and industrial), until recently it has confined its efforts to city work. This was due to the limited amount of money it had for extension work and due to the fact that the cities had in them many young men and boys who were away from home taking advantage of educational training, business and trade. As a counter attracting agency over against the baser attractions in a large city, to which many of these young men might fall, the association endeavored to serve them and be to them a home away from home, where the best of influences would be about them and where facilities for their self-improvement were available. It, of course, too, concentrated its efforts in the city because of the large resident population of young men and boys that it wished to serve in a similar way.

Students of Canadian conditions noticed that altogether too large a percentage of the boys raised in the rural districts were flocking to the cities to take advantage of the many advantages provided in the city. This developed two serious problems in Canadian life. Firstly it brought about over-congested areas in the cities and the unemployed problem; secondly, there was the lack of development in the rural parts for the want of help. The Y.M.C.A. leaders saw the problem that this exodus

(Continued on page 3)

## Andrew Carnegie

One of the world's richest men was the son of a poor Scotch weaver. He early learned the advantages of economy. At the age of 10 he saved a few shillings—enough to buy a box of oranges—which he quickly peddled at a profit of 100 per cent. While yet a young man, he managed through thrift to accumulate \$500, which he invested. His first dividend inspired the remarkable achievements of later years. But the seed of his prosperity was sown when he began his first savings. We invite your savings account.

## Thousands Greet Prince in Calgary.

### Great Demonstration.

The Prince of Wales arrived in Calgary on Sunday morning at 10.30. He was welcomed to the city by Lieut. Gov. R. G. Brett, Mayor Marshall, and Brigadier-General McDonald, C.M.G. There was an interval of 20 minutes before the departure of the royal party for divine service at the Pro cathedral. One of the first officers to whom he spoke was Capt Harvey, V.C., whom he congratulated on winning this coveted honor and questioned him as to the occasion when it had been won. Capt Harvey is A.D.C. to General McDonald.

The Prince, wearing service uniform, rode through cheering crowds to the Pro cathedral, where he unveiled a memorial screen to those of the parish and neighbourhood who had fallen in the great war.

Over 25,000 people assembled in the park on Monday morning, when the Prince was tendered an official civic reception. The school children were delighted at being able to take part in the doings of the day and they sure let go when singing "O Canada." The returned veterans, three thousand strong, presented an inspiring spectacle, as they marched in columns of four, around the race track and drew up some yards west of the grandstand. Every unit and every division that went to France was represented in the turnout.

The royal visitor shook hands with more than 200 decorated men during the veteran's review.

## Solemn Duty to Find Work for Returned Men

London, Sept. 14.—A new plan to secure the absorption of the 100,000 still unemployed or disabled army appears to-day in the shape of a royal proclamation, in which the king, holding "it a dear obligation upon all" to acknowledge the sacrifices of these men in securing a victorious peace, asks all employers to bind themselves in high and solemn obligations to find employment for as many as possible.

The names of such employers shall be inscribed upon what shall be styled "The King's National Roll."

The employer thus inscribed will be entitled to use on his correspondence an official device, a "seal of honor," indicating the share he has taken in the national obligation.

### Back To School

The schools' summer holidays are over for another year, and teachers and pupils are again occupying their places in the little schoolhouses all over this prairie country, where the real foundations of Canada's future citizenship are being laid.

But while the teachers are in their places, something more than ten thousand of them in the three Prairie Provinces, it is important to ask and answer the question whether all the boys and girls are again in school who ought to be there.

Compulsory school attendance laws are in force in these provinces, under which it is obligatory on parents and guardians to send their children to school until a certain age is reached. These are wise laws, designed to prevent future citizens from growing up to young manhood and womanhood not only uneducated, but illiterate. In this western country boys and girls are wisely compelled to learn to read, write and speak English and master the rudiments of a primary common school education.

Every year, however, some thousands of boys and girls reach the age when the compulsion of the law enforcing school attendance is lifted, and it becomes a matter to be decided by the fathers and mothers whether Charles or John or Susie shall return to school, or whether they will be kept at home to help on the farm or in the store or about the house or be allowed to go out and "get a job" and thus help to keep the family.

It is a critical decision fathers and mothers are called upon to make. Boys and girls, usually, are anxious to get away from the discipline, routine and what so many regard as the drudgery of school. It is not until later years that they look back upon their school days as the happiest, most carefree days of their lives. In their teens, however, they are anxious to go out into the world and begin life's great adventure. It is the parents who must decide wisely for them.

After all, as one observer has said, it is just a matter of arithmetic. If a boy is just ready to enter high school he can probably earn six or eight dollars a week for the first year and an average of ten, twelve or fifteen dollars a week for the next three years. That is to say, he can

earn from \$1,500 to \$2,500 if he stays away from school.

But take the other side of the ledger. If the boy continues to go to school for another three years he will be able, at the end of his course to earn on the average more than the boy who stopped short of the high school, and he will be able to earn it for the thirty or forty or fifty years of his earning life. The balance in money is on the side of the boy who returns to school.

Then comes along the pessimist and the job's comforter and says: "Well, if he goes back to school and gets cram full of book learning what will it profit him? Does not a plumber earn more than a schoolmaster, and a carpenter more than a clerk? And of what particular value will a high school education be to John as a farmer or to Susie as a farmer's wife?" These are unfair arguments and illogical. The trained carpenter and the skilled plumber having the backing of a good education soon forges ahead of his fellow carpenter or plumber who left school before he was half-way through. It is the educated man who succeeds in his business for himself while the uneducated ones become his employees. And in this age and generation it is not necessary to dwell on the fact that successful farming has become a highly organized business undertaking, a really scientific undertaking in the carrying on of which ignorance and slipshod methods can have no place, but in which the trained, intelligent, thinking men is pre-eminent.

But everything should not be measured by the money standard. Is there not a better opportunity in life for happiness, for contentment and for service for the boy or girl possessing the qualifications and powers which a good education confers upon them? There is a place in the life of the community, the Province, the Dominion which only the educated can fill, and in these days, and in the years to come, service to our country and to our fellow men is going to count.

Parents must ask themselves the question whether, by withdrawing their children from school before they have secured the advantages of a high school education, they are going to deny to them the opportunity of fitting themselves for the rendering of such service, and of attaining the place in the life of their country which they may, otherwise, be exceptionally well qualified to fill. The fathers and mothers of today are the trustees of the future citizenship of Canada. With them rests the decision now which may make or mar their children's future. It is a tremendous responsibility. The wise decision will be to keep their boys and girls at school just as long as they can possibly do so, and thus give to them the best possible equipment for their life work, no matter to what lot or sphere of action they may be called.

Minard's Liniment Cures Dandruff.

Nephew Abjures Kaiser

Detroit—The former Count Johann Wilhelm von Loewencl, Brandenburg-Holenzollern, a resident of Detroit since 1911, and a nephew of former Emperor William, is now Yungku Lionell. His name was changed in probate court. Mr. Lionell has his first naturalization papers and says he "is through" with his European relatives.

### WHY BEAUTY FADES

A Condition Due Entirely to Poor, Watery Blood

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes thin, pale, haggard and angular. She not only tires out easily, but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, until perhaps fatal consumption sets in, if prompt steps are not taken to increase and enrich the blood supply. To make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor, thin blood, mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Shower

Jinks: "You look dreadfully battered. What's happened?"

Binks: "Wife has been pelting me with flowers."

Jinks: "Why, that wouldn't mark you up in that manner."

Binks: "Oh, they were in the pots."

### "Cold In the Head"

It is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system.

All Druggists 75c. Testimonials free. \$100.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure.

Isn't it a fact that the congregation of a wide-awake preacher is seldom caught napping?

**Asthma Brings Misery**, but Dr. F. D. Kellogg's Asthma Remedy will replace the misery with welcome relief. Inhaled as smoke or vapor, it reaches the very remotest recesses of the bronchial passages and soothes them. Restriction passes and easy breathing returns. If you know as well how this remedy would help you as do thousands of grateful users, there would be a package in your home tonight. Try it.

### Flax Survey in Ontario

Toronto. A personal survey of the flax situation in Ontario made by Mr. James Miller, field crop specialist of the Department of Agriculture, reveals the fact that the crop this year is only a fair one, at least one-third of the yield being too short to pull. This quality will be made into Scotch tow, and the remaining two-thirds of the crop will be used for fiber. There are in all 50 flax mills in the province, and these are operated by 33 companies. The growers expect to ship about 50,000 bushels of seed to Ireland.

### 5,000 LIMERICK PRIZE

The winning of it can't ease the pain of the corn, but "Putnam's" will ease, cure and prevent corns and warts. Guarantee goes with every bottle of "Putnam's." Use no other, 25c at all dealers.

### Figures on Strike Losses

Ottawa. According to figures prepared by the Canadian Department of Labor, a total of 14,127,220 days have been lost through strikes from 1904 to 1919. Putting the minimum wage at \$3 a day, the department estimates that the working men of Canada have lost at least \$43,000,000 during the period, though no estimate is made of increased wages secured through the strikes.

The total number of strikes was 2,127, involving 597,735 employees.

### Disappearing Hair

"I think the baby has your hair, ma'am," said the new nurse, looking pleasantly at her mistress.

"Gracious!" exclaimed the lady, glancing up from her novel. "Run into the nursery and take it away from her. She will ruin it."

*It's up to you to have the best!*

*The man who buys an inferior article is the loser in the long run. It's the long run that counts.*

## Great Demonstration by G.W.V.A. in Calgary.

Fifteen thousand veterans, next  
of kin, and others marched to Me-  
wata park on Sunday, where the  
following resolution for war bonus  
was passed:

"Resolved that we fifteen thousand  
loyal Canadian citizens in mass meet-  
ing assembled at Calgary this four-  
teenth day of September, 1919, re-  
presenting almost every organized  
body in our country, feel that a fur-  
ther bonus in cash is necessary to  
repatriate our army and navy, and  
do affirm that we are willing and  
anxious to pay such a bonus, do  
pledge ourselves to strive and work  
for this bonus until obtained; and  
do warn our government that the  
situation in our western country is  
grave and urgent, that temporary  
work will soon have ceased and our  
cities will be thronged with a demob-  
ilized army which is not repatriated,  
and implore our government to ac-  
cept and face this responsibility, and  
before they conclude their present  
session grant this bonus and bring  
us that peace and contentment for  
which we and they have suffered  
so much."

The resolution was passed with  
not one dissenting voice.

The procession was one of the  
longest that ever paraded the streets  
of Calgary, and five bands were in  
attendance.

The plaudits of the crowds lined  
up on the sidewalks clearly showed  
that the sympathy of the people is  
with the returned boys and that  
their requests are worthy of all due  
respect and consideration by the  
government.

Following the opening address  
by W. S. Woods, president of the  
Calgary branch, G.W.V.A., speeches  
were delivered by Col. Drummond,  
Mayor Marshall, Major McCoubrey,  
A. M. Mput, Mrs. H. Riley, Rev.  
W. Irvine and Mrs. Corse.

Every organized body that has  
been approached so far has endorsed  
the resolution.

### Y.M.C.A. Notes

(Continued from Page 1)

from the country to the city was  
working on Canadian life, and re-  
solved that they would endeavor to  
curtail this exodus by bringing to  
the country boys and young men  
some of the advantages of city life.

They also recognized that about 85  
per cent of Canadian leadership  
came from farm families, and as  
the great function of the associa-  
tion is to develop leadership, they  
thought it good business to move  
nearer to the source of supply be-  
cause of the service the movement  
might render earlier in the lives of  
the rural boys. To this end, they  
have arranged a program which is  
specially suited for rural community  
service. This action, too, was great-  
ly encouraged by the many letters  
that came in from rural parts en-  
quiring if there was not some type  
of association work that could ad-  
just itself to rural community life.  
As the association is interested in  
every boy, not because he is the com-  
ing man, but because he is a boy  
now, and knowing that if the boy is  
saved through his boyhood, he will  
very likely be saved for his manhood  
its representative has come to Dids-  
bury to indicate its willingness to  
come here to assist the existing  
agencies—the home, the school, the  
church and the state—to give the  
boys of Didsbury and the surround-  
ing district the best possible chance  
for development available to date

## Normal Schools Open Later.

On July 1st the reciprocal arrange-  
ment between the four Western  
provinces for the recognition of  
teachers' certificates came into  
effect. Now teachers trained in any  
of these provinces receive similar  
standing in the others. This has  
resulted in a getting together of  
those responsible for the teacher-  
training policies of the various pro-  
vinces. In a general way standard-  
ization has taken place in the length  
of the training required for the var-  
ious certificates, the content of the  
courses and the basis of admission.  
Hereafter, in all the provinces the  
period of training will be eight  
months.

There are two Normal schools in  
Alberta, one at Camrose and the  
other at Calgary. Both have good  
buildings and are well staffed. The  
courses offered are broadly cultural  
as well as vocational, and are well  
worth while aside altogether from  
the certificates to which they lead.  
It is estimated that the additional  
four months will increase the cost  
by about one half, that is, that the  
total expense, exclusive of clothing,  
will run from \$375 to \$450.

Enrolment for the next session of  
the Normal schools, which opens on  
September 2nd, is now taking place.  
All inquiries concerning admission  
should be addressed to the Deputy  
Minister, Department of Education,

Edmonton, and those concerning

the schools.

## Toronto Soldiers Were Turned Down.

Members of the Returned Soldiers  
Gratuity League of Toronto, who  
went to Ottawa, to see what the  
government would do in considering  
a further bonus or gratuity for re-  
turned men, met not only with a  
very cold reception from Mr.  
Doherty, the minister of justice,  
but his whole attitude and ex-  
pression to them amounted to very  
little short of direct insult.

## Printing That Pays

In order that you may get  
the greatest possible good  
from publicity your print-  
ing must be attractive and  
well composed, and above  
all, the work must be con-  
vincing to the prospective  
customers you're solicit-  
ing. If you have any doubt  
regarding the quality of  
your printing call or write  
to us at once. We can  
help you.

### The Robin Hood Flour Mills

Will give two Special Prizes for the best loaf of home  
made bread made by non-professionals out of Robin Hood  
Flour

**1st Prize- 98 lb. Sack Robin Hood Flour**

**2nd Prize- 49 lb. Sack Robin Hood Flour**

CONDITIONS:- A dealer's sales slip showing purchase  
by contestant of not less than one 49 lb. sack of Robin  
Hood Flour within three weeks previous to date of Dids-  
bury Exhibition must be shown.

## J. A. RUBY

LOCAL DISTRIBUTOR

## A FAIR, SQUARE MOTTO TO ALWAYS REMEMBER

Patronize a home industry that is building up and develop-  
ing what is absolutely sure to increase the value of your  
farm properties.

This you can accomplish by always bringing us your milk,  
sweet or sour cream, or eggs; in fact, any produce you  
have to sell. We can get you the best market. Our  
market for good sweet cream, which will bring you the  
highest price is unlimited.

We have the facilities to freeze it after you deliver it.

When continually patronizing us you have the advantage  
of selling either the whole milk, fresh sweet cream or sour  
cream, whichever will bring you the most dollars.

We ask your support and co-operation. Dairymen, our  
business is open for your inspection, from start to finish.

Come in and have a visit and see what we are planning to  
do for you.

## How To Awake Fresh As A Daisy Constipation Gone

No other remedy acts the same. Works while you sleep, smooth, silent, effective. Cures the worst headache or constipation.

This is what happens when you use Dr. Hamilton's Pills.

For wind or pain in the stomach nothing works better.

No bad taste left behind, no hurried tongue, no more dizzy spells or bilious fits after taking Hamilton's Pills.

All the old costiveness, frightful dreams and nervous disorders disappear as a ship in the night.

The appetite is sharpened up, takes on a keen edge.

You enjoy your meals, relish and digest them.

Strength and buoyant spirits return. You feel good, you look like your old self again, with bright eyes and rosy cheeks.

The best guarantee of good health and old age that man and woman can have is the regular use of this family pill.

Suited to all ages, you should get a few 25c boxes from the drug store and keep them handy.

## THE COW PUNCHER

— BY —  
ROBERT J. C. STEAD

Copyrighted. Published by special arrangement with the author.

(Continued.)

They hustled into their overcoats to the playing of the National Anthem. "Hurry," said Conward, "let's get out quick. Ain't she some dame? There—through the side exit—the stage door is that way. She promised to have her chum with her—they'll be waiting if we don't hurry."

Conward steered him to the stage entrance, where a little group was already congregated. In a moment the girl appeared, handsomely dressed in furs. Dave would not have known her, but Conward recognized her at once, and stepped forward. With her was another girl, also from the chorus, but Dave could not recall her part. He was suddenly aware of being introduced.

"This is my friend Belton," Conward was saying. Dave was about to correct him when Conward managed to whisper, "Whist! Your stage name. Mine's Edward. Don't forget!"

Conward took the first girl by the arm, and Dave found himself following rapidly with the other. They cut through certain side streets, up a stairway, and into a dark hall. Conward was rattling keys and swearing amiably in his soft voice. Presently a door opened; Conward pressed a button, and they found themselves in a small but comfortably furnished room—evidently bachelor apartments.

The girls threw off their wraps and sauntered about the place, commenting freely on the furnishings and decorations, while Conward started a gas grate and put some water to boil.

"Sorry I've nothing for you to eat," he said, "but I've some good medicine for the thirst."

"Eating's poor business when there's a thirst to be quenched," said one of the girls, with a yawn. "And believe me, I've a long one."

Conward pulled a table into the centre of the room, set chairs about, and produced glasses and a bottle. Dave experienced a sudden feeling as of a poor swimmer beyond his depth. He had never drunk, not even beer, not so much from principles of abstinence as from disgust over his father's drunkenness and enmity towards the means of it.

The glasses were filled and raised. "Ho!" said Conward.

"Here's looking!" said one of the girls.

**MURINE**  
Rests, Refreshes, Soothes,  
Heals—Keep your Eyes  
Strong and Healthy. If  
they Tired, Smart, Itch, or  
Burn, if Sore, Irritated,  
Inflamed or Granulated,  
use Murine often. Safe for Infant or Adult.  
At all Druggists in Canada. Write for Free  
Eye Book. Murine Company, Chicago, U. S. A.

Dave still hesitated, but the other girl clinked her glass against his. "Here's looking at you," she said, and she appeared to lay special emphasis on the last two words. Certainly her eyes were on Dave's as she raised her glass to her lips. And under the spell of those eyes he raised his glass and drained it.

Other glasses were filled and drained. The three were chattering away, but Dave was but vaguely conscious of their talk, and could weave no connected meaning into it. His head was buzzing with a pleasant dreamy sensation. A very grateful warmth surrounded him, and with it came a disposition to go to sleep. He probably would have gone to sleep had his eye not fallen on a picture on the wall. It was a picture of a girl pointing her finger at him. He suspected that she was pointing it at him and as he looked more closely, he became very sure of it. . . . No girl could point her finger at him. He arose and made a lunge across the room. He missed her, and with difficulty retraced his steps to the table to make a fresh start.

"She's makin' fun of me," he said. "an I don't stand for that. Nobody can do that with me. Nobody—see? I don't 'low it."

"Oh, you don't," laughed one of the girls running into a corner and pointing a finger at him. "You don't?"

He turned his attention to her, steadying himself very carefully before he attempted an advance. Then, with wide-stretched arms, he bore down cautiously upon her. When he had her almost within reach she darted along the edge of the room. He attempted a sudden change in direction, which ended disastrously, and he found himself very much sprawled out upon the floor. He was aware of laughter, but what cared he? He was disposed to sleep. What better place to sleep than this? What better time to sleep than this? In a moment he was lost to all consciousness.

It was later in the night when he felt himself being dragged into a sitting posture. He remonstrated in a mumbling voice. "S too early," he said. "Altogether too early. Early. Whew! Watch 'er spin. Jus' his job. Paid for it, ain't he?"

"Well, I ain't paid for this," said Conward, rather roughly, "and you got to pull yourself together. Here, take a little of this; it'll put some gimp into you." He pressed a glass to his lips, and Dave swallowed.

"Where am I?" he said, blinking at the light. He rose uncertainly to his feet and stared about the room in returning consciousness.

"Where's the girls?" he asked.

"Gone," said Conward, sulkily. "Couldn't expect 'em to stick around all night to say goodbye, could you, and you sleeping off your drink?"

Dave raised his hand to his head. A sense of disgrace was already upon him. Then he suddenly turned in anger on Conward.

"You put this up on me," he cried. "You made a fool of me. I've a mind to bash your skull in for you."

"Don't be silly," Conward retorted. "I didn't enjoy it any more than you did—introducing you as my friend, and then have you go out like that. Why didn't you tip me? I didn't know it would put you to sleep."

"Neither did I," said Dave.

"Well, the next thing is to get you home. Can you walk?"

"Sure," Dave started for the door, but his course suddenly veered, and he found himself leaning over a chair. Conward helped him into his overcoat, and half led, half shoved him to his boarding house.

### CHAPTER SIX

Elden awoke Sunday morning with a feeling that his head had been boiled. Also he had a prodigious thirst, which he slaked at the water pitcher. It was the practice of Metford's gang to select one of their number to care for all the horses on Sundays, while the others enjoyed the luxury of their one day of leisure. In consequence of this custom the room was still full of snoring sleepers, and the air was very close and foul.

Dave sat down by the little table that fronted the open window, and rested his head on his hands. It was early spring; the snow was gone; dazzling sunshine bathed the prairie in the distance, and near at hand were the twitter of birds and the ripple of water. It was a day to be alive and about.

## CLARK'S PORK AND BEANS

WITH TOMATO, CHILI,  
OR PLAIN SAUCE

**Women who provide, — Men who work hard, — and Children who play hard,**

—all profit from a meal of "Clark's" Pork and Beans.

The purity of "CLARK'S" PORK AND BEANS and OTHER GOOD THINGS is guaranteed by the Government legend on every can.

W. CLARK, LIMITED, Montreal

But the young man's thoughts were not of the sunshine, nor the fields, nor the water. He was recalling, with considerable effort, the events of the previous night; piecing them together in impossible ways; re-arranging them until they offered some sequence. The anger he had felt toward Conward had subsided, but the sting of shame rankled in his heart. He had no doubt that he had furnished the occasion for much merriment upon the part of the young women, in which, quite probably, Conward had joined.

Ice cream soda is a popular inter-  
ior decoration at the present stage  
of the game.

### How You Can Tell Genuine Aspirin

Only Tablets Marked With "Bayer Cross" Are Aspirin

If You Don't See the "Bayer Cross" on the Tablets, Refuse Them—They Are Not Aspirin

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Look for the "Bayer Cross"! Then it is real Aspirin, for which there is no substitute.

Aspirin is not German, but is made in Canada by Canadians, and is owned by a Canadian Company.

Genuine "Bayer Tablets of Aspirin" have been proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis. Handy tin boxes of 12 tablets—also larger "Bayer" packages—can be had at any drug store.

Aspirin is the trade mark, registered in Canada, of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

One can't judge the good there is in a man by the worldly goods he possesses.

### CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money but write me today for free trial treatment. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box 966 Windsor, Ont.

W. N. U. 1280

### Yorkshire Miners Cost Nation Dear

Strike Fund Exhausted With End of Fourth Week's Benefits

London.—The Yorkshire miners' strikes have been an expensive thing for the miner as well as for the people not directly connected with the dispute. The generally accepted figures are:

Damages to mines, \$10,000,000; coal lost to industry, \$15,000,000; losses to kindred industries, \$12,500,000; the strike fund of the miners, amounting to \$1,400,000, was exhausted with the end of the fourth week's strike benefits. This fund, it was stated, had taken some 25 years to accumulate. The Local Government Board, it is stated, cut out a lot of red tape, and with the co-operation of the local relief authorities averted distress throughout the district. In some cases \$2.50 a week was allowed every married woman, with \$1.25 for every child. This money, with the strike benefit, averted, the authorities believe, a great deal of suffering.

### One Big Union Is Dead Issue

Winnipeg.—In the opinion of R. A. Rigg, organizer for the internationals in the West, the One Big Union movement is definitely defeated—as far as Regina, Saskatoon and Moose Jaw are concerned.

"Very little O. B. U. sentiment is apparent in these cities, and with very few exceptions the unions are lining up behind the internationals."

When you hear a man say that he is tired of the world it's a safe bet that the world is tired of him.

### Had a Very Bad Attack OF Bowel Complaint

IT WAS CURED BY  
DR. FOWLER'S  
EXTRACT OF WILD STRAWBERRY

Any one suffering from bowel complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, summer complaint, etc., will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

This old tried and proven medicine has been on the market for the past 74 years. You don't experiment when you buy it. Surely the test of time proves this. Mrs. Daniel Hartwick, Mountain Grove, Ont., writes: "I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2½ years old she had a very bad attack of bowel complaint. Nothing prescribed by the doctor seemed to do her any good. She got worse, until we thought we would lose her. I got a bottle of 'Dr. Fowler's,' and she soon found relief. Everyone who has children should not be without it in their home."

Price 35 cents a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### London-Paris Air Service

Journey Both Ways Being Made in Just Under Six Hours

London.—Three machines took part in the inauguration of the air express service to Paris, the journey both ways being made by one machine in just under six hours.

The "Aereo 41," which belongs to the Aircraft Transport and Travel Limited, and which has often carried Mr. Bonar Law and General Seely to France, carried one passenger and a cargo of goods and accomplished the journey in scheduled time.

The "Aereo 16," piloted by Major C. Patterson, M.C., carried several journalists and a cargo of newspapers at the fast speed of 140 miles per hour, also arriving to time, despite head winds.

The Handley Page machine, piloted by Major Foote, carried 11 passengers, but was detained in Paris. All the machines were examined by customs officers at Hounslow and at le Bourget before departure and on arrival.

A recent issue of the Aberdeen Journal was the 20,000th number of that venerable newspaper—now the oldest in Scotland. The first issue of the Journal was published on April 18, 1746, and contained an account of an eye-witness of the battle of Culloden fought two days previously.

Some men always do their best—including their best friends.

### Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures By Novel Method

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhazone, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat, and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhazone. Large outfit lasts two months, costs \$1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

### Hutterites Must Educate Children

Must Conform to Regulations or Suffer Prosecution

Winnipeg.—The Hutterites, as in the case of the Mennonites, must conform to the regulations of the Manitoba school attendance act or suffer prosecution, was the decision announced by the department of education.

Robert Fletcher, the department minister of education, visited the colonies at Eli, Man., and informed the Hutterites that they must make some provision for the education of their children. A school is under erection now, and upon completion the department of education will appoint trustees, as the Hutterites do not take part in elections, and assign a teacher to the school.

### GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles, Sallowness

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

Fortune Teller (reading cards): "You have money coming to you, but no sickness whatever."

Client: "That's singular! I'm the new doctor across the street!"—Boston Transcript.

## THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

# Miners In Britain Are Still Restless

London.—The situation of the coal question now is that the Miners' Federation has unanimously rejected the government's plan for working the mines in favor of nationalization. They have, however, left it to the Trades Union Congress, to be held at Glasgow on September 8, to decide whether there shall be direct action by the miners or whether constitutional means shall be employed to secure nationalization of the mines.

This means, in the opinion of the competent judges, that direct action will not be taken. The miners, nevertheless, are said to be flirting with the idea and will endeavor to induce the labor triple alliance—the miners, transportation workers and railwaymen—to order another ballot of its members on the employment of direct action against conscription and military interference in Russia.

Messrs. Smillie and Brace, in recent speeches, both plainly intimating that it would be a mistake to assume that direct action had been abandoned, and urged the government not to drive the miners to extremes.

Point seemingly is given to Mr. Brace's declaration that coal is more important than gold by figures issued by the Board of Trade, showing steady decline week by week in the output of coal, from nearly 5,000,000 tons the week ending May 31, to just a little more than 2,500,000 tons for the week ending August 9. The greatest reduction in output was in Yorkshire.

## Significant Shuffle In Cabinet

Hon. Arthur Sifton Now Minister of Public Works

Ottawa.—A small, but, in a way, significant shuffle in the cabinet took place, when Hon. Arthur Sifton, former minister of customs, walked across the square and took the place of Hon. F. B. Carvell as minister of public works.

No announcement is yet made as to the customs portfolio, but it is quite possible that when Hon. Martin Burrell, secretary of state, goes out, H. H. Stevens, of Vancouver, will become minister of customs and the new secretary of state will come from New Brunswick.

By this move Mr. Sifton heads a live spending department, and considerable interest attaches to the change.

## Armenians Fear Massacre

London.—Responsible authorities in Armenia continue to emphasize the exceedingly grave situation that must follow the withdrawal of British troops. There are conclusive indications that as soon as the withdrawal occurs the Armenians will be attacked from the east and southwest by Tartars, Kurds and Turks, who will likely form a combined force under Turkish officers. The Kurds and Tartars are already moving towards Erivan, the Armenian capital, to be in readiness to strike when the Armenians are left defenceless.

## Warn Income Tax Dodgers

Winnipeg.—A local paper, in a special dispatch from Ottawa, states that prosecution of income tax dodgers will begin this week, according to a report from the Department of Finance. The department, it is said, plans vigorous prosecution of all persons who failed to file a return on their income or who gave false information. Several Montreal and Halifax business men and several prominent westerners are in line for early prosecution, it is reported.

## U.S. Navy to Go to Greet Prince

Vancouver.—Hon. Josephus Daniels, secretary of the United States navy, will send part of his Pacific fleet to Vancouver on September 22, when the Prince of Wales is to be here. Mr. Daniels wired city officials that while he would not be able to be present himself, he would be pleased to send part of the fleet, and would "make such arrangements as possible." Mr. Daniels is to visit Victoria on a dreadnought on September 11.

## Germans Must Fulfill Peace Terms

Allies Will Show Firmness in Having Peace Treaty Fully Carried Out

Paris.—Commenting upon the action of the peace conference in simultaneously handling Austria, in final form, the peace terms framed for her acceptance, and the delivery to Germany of the note demanding a change in the German constitution to eliminate the provision for the selection of Austrian representatives to the German parliament, the Paris newspapers declare this was not a simple coincidence. It means, the press argues, at once a firm resolution by the Allies to insist upon respect for the terms of the German treaty as regards Austria and the definite end of the Danubian monarchy.

## Wilson Will Consult People

Going on Stump for Peace Treaty All Over States

Washington.—President Wilson has left on his western speaking tour on behalf of the peace treaty, confident of ratification of the instrument by the senate without amendments or "destructive reservations" which would require re-negotiation.

The trip, perhaps the most arduous ever undertaken by a President, will carry Mr. Wilson and his party as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the south. He will speak in every state west of the Mississippi except four, and will make up for the omission of these by speeches in Ohio, Indiana, Kentucky and Tennessee. In Seattle he will review the Pacific fleet.

Although it is expected that the President will devote most of his attention to the peace treaty, he probably will also touch on the high cost of living and other domestic problems.

## Rumors Waste In Navy

Admiral Fisher Suggests Money Might Now Be Reserved for Better Things Than Fleets

London.—A protest couched in vigorous language in the Times by Lord Fisher on naval expenditure has evoked interesting comments. Lord Fisher declaimed against alleged incredible and ruinous waste in the navy, which now costs one hundred and forty million pounds sterling annually, as compared with thirty-four million in 1904, notwithstanding that the German fleet does not exist. Lord Fisher declares that half the navy is already obsolete and should be scrapped and says that the other half will be equally useless in a few years because of internal combustion engines and oil.

Lord Fisher concludes: "If the nation don't sack the spendthrifts, the day of crumbling is not far off."

## \$30,000 for Grubstake

Dawson.—The Dawson city's welcoming and re-establishment committee for returned soldiers has adopted resolutions asking the Federal Government for \$30,000 for relief of returned men who arrived back here too late to earn a winter grubstake, or who are physically unfit, and asking particularly that soldier-miners be given this assistance in lieu of land grants.

## New Zealand Agrees

Wellington, N.Z.—The peace treaty with Germany was unanimously ratified by parliament, after members of the Labor party had criticized the pact.

## Oil Find at The Pas

Winnipeg.—Reports reaching here from The Pas, Man., state that a discovery of crude oil of great commercial value has been made 20 miles southwest of The Pas.

## Aviators Take Up Life On Ranch

To Breed Horses, Cattle and Sheep and Grow Cotton

London.—A party of former officers of the British forces, held a meeting here with the purpose of getting acquainted preparatory to their departure for Central America, where they will take up life on a ranch under the supervision of Brig-Gen. Alfred Critchley, former commander of the Royal Air Force.

Brig-Gen. Critchley originated the plan "in recognition of the desire on the part of many other demobilized officers for healthy sporting and adventurous open-air life, combined with unlimited possibilities of a commercial nature."

On the ranch, which is located in the centre of a well-stocked sporting area, it is proposed to breed horses and cattle and sheep, and grow cotton and other crops. The estate belongs to General Critchley.

It is planned to divide the land among the members of the party after the first year spent on it.

All the members of the party who will make the trip are bachelors, but married men, who are former officers of the British forces, will be welcomed to membership in the club after the inauguration of the enterprise.

Brig-Gen. Critchley, who was born in Calgary 29 years ago, is widely known in Canada as a sportsman, hunting, polo, golf and tennis being his favorite pastimes. He was a member of the Lord Strathcona Horse at the outbreak of the war and went to Europe and served with the First Canadian Division. He was awarded the D.S.O. in 1915.

## Army Food Going Cheap

Prices Slashed to Meet Cut Made By Chain of Grocery Stores

New York.—Sale of surplus army food in New York took on the aspects of a cut rate war, when Market Commissioner Day, in charge of sales, announced that prices of canned soups had been slashed to meet a cut in soup prices made by a chain of grocery stores following army food sales.

The army soup originally was sold at nine and ten cents a can, which was below the price chain stores were asking for similar products. The chain stores cut their prices to three cents for 25 cents. Commissioner Day's new price for army soup is seven cents a can.

Commissioner Day also announced revision downward of the prices charged for army bacon, beans, corn, peas, condensed milk, corn syrup and canned tomatoes. All these staples now are being sold at prices considerably below those fixed by the fair price committee, he said. According to Commissioner Day, the army food sales have totalled more than \$500,000 in eight days, and at the present rate the supply of army food will have been exhausted in two more weeks.

## Cheaper Meat for New Yorkers

New York.—The retail price of meat has declined from one to two cents a pound in this city, according to Arthur Williams, federal food administrator, who has just issued his semi-weekly fair price list. In the matter of groceries, however, the campaign against the pool has not been so successful, as most of the items under this head have increased slightly.

## Arrest Mexican Outlaws

Washington.—Outlaws responsible for the murder of John W. Correll, an American citizen, have been arrested and will be placed on trial at Tampico, the Mexican embassy has announced. The arrests were made near Los Mezquils and included Ramon Diaz, chief of the band, and his followers, Rafael Ruiz, Francisco Gamboa, Blas Vidal and Francisco Valverde.

## Prince Will Unveil Statue

London.—The statue of Queen Victoria, purchased by the British Columbia government before the war for placing in front of the government buildings at Victoria, is being shipped, and it is hoped that it will arrive in time for the Prince of Wales to unveil. The statue has been at the Royal Exchange.

# Feasibility Of Airplane For Commercial Use

## Australians To Learn Dry Farming

Hundred Picked Veterans Will Study Methods in United States

New York.—One hundred picked Australian soldiers will arrive in New York on the steamship Celtic, en route to the University of California, where they will take a twelve months' course in farming, it was announced here. They will return home and teach Australian soldier farmers scientific agronomy and irrigation.

The Australian Commonwealth recently appropriated nearly \$250,000 for the aid of returned soldiers and sailors in obtaining land holdings. Believing that a large number of veterans will go into agriculture, the government has sent the Australian delegation to the United States to study modern farming methods.

## 100,000 Germans Escaped Service

Switzerland Leads Neutral Countries With 40,000 Deserters

Geneva.—Nearly 100,000 officers and men are considered deserters from the German army during the war, according to Munich advices. Included in this number are many thousands who were in England and America at the outbreak and were prevented from joining the German army, "although advised beforehand to join the colors," the dispatch says.

Switzerland leads the neutral countries with forty thousand deserters. A proclamation of amnesty for these men has been issued if they will return to Germany this year, but many former German soldiers in this country refuse to go back, fearing that they will be placed in the ranks once more because the allies have permitted Germany to retain her army on a war footing until the end of 1919. The amnesty proclamation does not apply to those accused of treason.

## Cheap Meat For U.S.

Five Million Pounds of Frozen Food Made Available By the Government

Washington.—Five million pounds of frozen meats, now in cold storage in New York and Chicago, were offered by the War Department to municipalities for sale. The offer will remain in effect until September 25, at which time other methods of marketing such portions of the stock as remain will be resorted to.

The meats in storage include about 1,120,000 pounds of frozen poultry at New York and more than 1,000,000 pounds in the Chicago zone. This will be sold at 32 cents per pound. Large quantities of frozen mutton and pork shoulders and loins also will be offered from 16 to 27 cents. Since these products can only be transported in refrigerator cars, no order for less than a carload lot will be accepted.

## German Doctors for Russian Army

Berlin.—The medical journals in Germany are publishing advertisements offering positions to German physicians and surgeons in the Russian army. Attractive pay and the right of securing homesteads is promised them.

Medical men are urged to enlist with volunteer troop units organized for fighting Bolshevism and are promised a premium of 5,000 marks if the counter-revolution is successful.

## To Protect Salmon

Washington, D.C.—A treaty between the United States and Great Britain for the protection of sock-eye salmon of the Fraser river system was signed at the state department. Secretary Lansing signed for the United States, and R. C. Lindsey, in charge of the British embassy, and Chief Justice John Douglas Hazen, of Canada, signed for the British Government.

London.—The Air Minister states that the demonstration flight recently carried out to Scandinavian countries by a flying boat of the Royal Air Force proved to be remarkably successful.

Starting from Felixstowe and proceeding via Dundee, the machine flew direct to Norway and landed at Christiansand, this being the first occasion on which the journey has been accomplished by a British seaplane. From Christiansand the trip continued by stages to Christiania, Copenhagen, Stockholm, Gossung, Esbjerg and back to Felixstowe, a total distance of 2,450 sea miles, which was covered in a total flying time of 40 hours and 40 minutes.

The flight was made entirely as a demonstration of the commercial use of flying boats, and it is noteworthy, because no mishap of any kind occurred, despite the fact that from its departure until its return to Felixstowe the machine spent a total of 27 days on the water or in the air. Exhibition and passenger carrying flights were carried out at Christiansand, Christiansand and Copenhagen.

The first exhibition flights were made before the King and Queen of Norway, and as the Queen expressed a desire to fly, her Majesty was taken up on two occasions, seated beside the pilot. Her Majesty was keenly interested in his manipulation of the controls and during the second flight, when the Queen was accompanied by the Crown Prince, her Majesty actually took control of the flying boat for a short period.

A very good impression was created in each of the Scandinavian towns visited and it is hoped valuable results will accrue to the British aircraft industry in opening up what is perhaps the best market in the world for water-going crafts.

## Made In Germany

Story of Proposed Attack Upon Petrograd Without Foundation

London.—It has been ascertained that the dispatch from Berlin giving German reports from Riga to the effect that Gen. Gough, of the British army, had issued a proclamation to the population of Petrograd that an attack was about to be made on that city is untrue.

Gen. Gough left Helsingfors August 19 for home, and at the present time is in England. He did not see Admiral Cowan, commander of the British naval forces, operating in the Baltic sea, before his departure for home.

## Threw Bomb at Governor

Tokyo.—Advices received here from Seoul, capital of Korea, state that a bomb was thrown at Governor-General Saito and that twenty persons were wounded, including an American woman named Harrison, who is believed to be related to Carter Harrison, former Mayor of Chicago. Governor-General Saito was not wounded. No further details were received.

## After Due Deliberation

Lexington, Ky.—"Uncle Johnny" Shell, described as "the oldest man in the world," has just celebrated his 131st birthday by sending for a life insurance agent. "You never can tell what'll happen, sonny," he told the agent, "and I want to prepare for the worst."

## Have to Wait Their Turn

London.—The C.P.O.S. have a waiting list of 5,000 people for transportation to Canada. The Cunard company list will not be cleared until the end of November, and it is said that over 500 applicants call at the company's office daily.

## Pershing's Rank Permanent

Washington.—President Wilson has signed the bill making permanent the rank of General John J. Pershing, commander of the expeditionary force.

No man ever comes half way up to the expectations his mother had of him when he was a boy.

## OLDS SCHOOL OF AGRICULTURE EDUCATION PAYS ON THE FARM

Statistics show that farmers who have had an education make larger incomes than those who have received but little schooling.

An education is more necessary now than it was thirty years ago. Farming has changed greatly in this period. Then, farmers cut their grain with a cradle, ground their grain between stones and lifted the water out of the well in buckets. They treated their non-descript cattle for "hallow horn" and "wolf in the tail" and planted their grain "in the moon." The horse and the ox were their only means of transportation. The farm houses had no conveniences, houses were lit with candles, the kitchen equipment consisted largely of hard work.

Now, the farmers have larger farms, they cut and bind their grain with binders and thresh with engine-driven separators. They frequently plow with tractors and many own automobiles. They select improved types of breeding animals and feed their stock in accordance with knowledge derived from the chemistry of foods. The farm houses have been greatly improved.

To keep up with the times and to make the most money from the farm one should know how to farm in accordance with the most improved methods. You can learn these methods at the Olds School of Agriculture. Education Pays: You can learn in a few months what it would take years of experience to give you. Talk with any ex-student regarding the value of the course.

Classes in Agriculture and Domestic Science commence on October 29th

For particulars write:

## Ford SEDAN

### Electric Starting and Lighting

THE new Ford Electrical System is as great an achievement as the Ford Motor.

No better starting and lighting system is supplied with any car—at any price.

See it for yourself. See it work. It is a complete two-unit system, Starting Motor, Generator and Battery—built into the Ford Motor—a product of the Ford plant.

The Ford car is also equipped with the Standard Magneto to provide ignition independent of the batteries.

The whole system is controlled from an instrument board on the cowl.

It is now supplied as Standard Equipment on all Ford Enclosed Models.

If you will phone—or call—we will introduce you to the Ford Sedan. You owe it to yourself to learn why men who can afford big costly cars prefer the Ford Sedan.

PRICES—including Electric Starting and Lighting, Ford Sedan \$1175. Ford Coupe \$975. L.O.B. Ford, Ont. (War tax extra.)

Demountable rims, tire carrier and non-skid tires on rear as optional equipment on closed cars only at \$25.00 extra.

W. G. LIESEMER, Dealer, DIDSBURY.

### Mysterious Blaze Reported At Sea

**Captain Smith Saw a Flash of Fire Ten Miles Distant**

New York.—Another mystery of the sea was reported upon the arrival of the steamer Merak, from Rotterdam, with a tale of a strange explosion. Captain James Smith said that when approximately 700 miles from New York he saw a flash of fire to the north of his ship at 3.50 a.m. He judged it was about ten miles distant from his position.

Three hours later, Captain Smith reported, red-hot material was thrown high into the air and he plainly heard a terrific explosion. He found no trace of wreckage, however, although the weather was clear and there was a smooth sea.

**An Easy Pill to Take.**—Some persons have repugnance to pills because of their nauseating taste. Par-melee's Vegetable Pills are so prepared as to make them agreeable to the most fastidious. The most delicate can take them without feeling the revulsion that follows the taking of ordinary pills. This is one reason for the popularity of these celebrated pills, but the main reason is their high tonical quality as a medicine for the stomach.

### Aero Club of Manitoba

Winnipeg.—The Aero Club of Manitoba is to be the official title of the organization of former air service men formed in this city recently. The objects of the club are to promote good fellowship among those interested in flying, to promote flying and to safeguard fliers, to assist in recruiting in an emergency, to render charitable and financial aid to flying men in case of need, and to stimulate interest in flying; also to raise patriotic funds if the necessity arises.

### New Air Stunt Succeeds

New York.—A feat never before attempted was successfully performed here by three aviators, who flew consecutively under the five East River bridges. Lieut. A. S. Roberts headed the trio with Lieut. C. H. Burgess, who was recently married in an airplane, on his left, and Lieut. N. L. Elliott on his right. They flew in the form of a triangle.

### Liquor Congesting London Docks

**Big Revenue in Sight If Government Cares to Make Use of It**

London.—One of the chief causes of the unprecedented state of congestion on the London docks is said to be an enormous influx of wines and rum for which the liquor trade gave tremendous orders immediately after the armistice was concluded. It is reported that the port of London authorities are taking steps to slow down these shipments until conditions become more normal.

A suggestion that the government could look to the liquor trade to ameliorate its financial problems was made in a speech at Carlisle by Baron d'Abernon, chairman of the central (liquor traffic) control board, and well known as a financier. Baron d'Abernon said that despite the increased taxation, the profits from the sale of liquor were greater than at any period in the trade's history. If financial conditions required it, he added, the revenue from alcohol could easily be brought up to £200,000,000 yearly.

**Oil for Toothache.**—There is no pain so acute and distressing as toothache. When you have so unwelcome a visitor, apply Dr. Thomas' Electric Oil according to directions and you will find immediate relief. It touches the nerve with soothing effect and the pain departs at once. That it will ease toothache is another fine quality of this Oil, showing the many uses it has.

The crack of a rifle startles the average woman less than the crack of a dish in the hands of the hired help.

**Minard's Liniment for sale everywhere.**

### Confiscated Jewels Recovered

Vienna.—Baron Adolph Ullman, director-general of the Hungarian general credit bank, is quoted by the Vienna papers as saying that the private accounts, and likewise the jewels confiscated by the Bela Kun government, have been found intact in the various banks. The jewels were systematically tagged with their owners' names.

The heart of a coquet is like a street car, inasmuch as there is always room for one more.

### Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

### Finder of Gold at Vinny Ridge Sought

London.—Canadian headquarters has received an inquiry concerning a sum of gold stated to have been buried on a Lafolie farm, near Vinny Ridge, by a farmer, and subsequently discovered by Canadian soldiers, who gave it to their superiors.

Anybody possessing any knowledge of this matter should communicate with headquarters.

### Big Enough Then

"What small feet your wife has!" "Yes, but they're plenty big enough when she starts to walk all over me."

### Reparation Commissioner

**New Reparation Commissioner**

London.—Sir John Bradbury, joint permanent secretary to the Treasury, has been appointed principal British representative on the reparation commission in Paris, and is succeeded by Sir W. Fisher. Three departments have been set up in the Treasury to deal with supply services, establishments, and general financial administration.

### CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm — they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The poor man who is going downhill needs a substantial check.

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it cannot be surpassed in effectiveness.

Be happy and perhaps you'll be good.

### Relieve Congestion Of London Traffic

**Plan to Make 5,000 Trucks Do Work of 95,000 Vehicles**

London.—A. G. Gattie, in a conference with the board of trade committee with reference to his scheme for the reform of freight traffic in London, said that his proposal to use 5,000 motor trucks for the transport of commodities through London in connection with a centralized freight station, would take 95,000 vehicles off the traffic-jammed streets. Criticizing the present methods of handling cargoes on the London docks, he said it reminded him of "hauling a cistern with a teaspoon."

He advocated the employment of deep water wharves, abandoning docks.

Minard's Liniment Co., Limited.

Dear Sirs,—I had a Bleeding Tumor on my face for a long time and tried a number of remedies without any good results. I was advised to try MINARD'S LINIMENT, and after using several bottles it made a complete cure, and it healed all up and disappeared altogether.

DAVID HENDERSON, Belleisle Station, Kings Co., N.B., Sept. 17, 1904.

### Would Abolish Conscription

Washington.—Withdrawal of the United States from the League of Nations two years after ratification of the peace treaty, unless all nations abolish conscription within that time, was provided for in a bill introduced by Senator Jones, Washington, a Republican.

The pore-cleansing, purifying and sterilizing properties of this wonderful skin soap, using plenty of hot water and soap, best applied with the hands, will prove helpful to those who use it for the first time. Touch eruptions, roughness or irritation, if any, with Cuticura Ointment before bathing. Dry and dust lightly with Cuticura Talcum, a fascinating fragrance for powdering and perfuming the skin. Nothing better than these ideal skin purifiers and their cost is but little.

Cuticura Soap 25c., Ointment 25c. and 50c., Talcum 25c. plus Canadian duties. Sold everywhere. For sample each free address: "Cuticura, Dept. N, Boston, U.S.A."

### Pay \$11,750,000 Rent

Washington, D.C.—Rail Director Hines has signed a contract awarding the Pullman company \$11,750,000 as one year's rental for their coaches, it was recently announced.

No matter how deep-rooted the corn or wart may be, it must yield to Holloway's Corn Cure if used as directed.

White lies are apt to leave black marks on a man's reputation.

Minard's Liniment Relieves Neuralgia.

The average man is moderately sane—except when he is engaged.

## What Do You Need to Make More Money From Hogs

Farmers generally have been studying the hog question so thoroughly for the past few months that we feel quite sure most of the farmer readers of this paper have their hog plans for this year and perhaps several years to come carefully laid and ready to put into operation.

Many of these hog programmes call for new or re-modeled equipment and it is in this part of your programme that we offer our service in helping you to make your work successful at the lowest possible cost.

We are equipped with ideas, plans, information and figures that are yours just for the asking—ask for them soon so that you can get your hog plans into full and paying swing without delay.

We back up this service with a stock of material that will fill any and every part of all your bills without delay.

It's time to go ahead with a full head of steam.

North End Lumber Yard Limited  
PAUL KIMBALL  
Vice Pres. & Manager

## AROUND THE TOWN

The Didsbury exhibition should demand your presence next Thursday and Friday. You simply can't afford to keep away.

The W.C.T.U. are having a booth at the fair grounds on Fair Day as usual, where lunch (hot and cold), will be served. They are not soliciting the town but would be very much pleased to have all help to bring cakes, pies, or bread, any thing will be appreciated.

Of course, Didsbury won the football game. Didsbury fair is a winner too this year.

Olds is asking its ratepayers to pass two debenture bylaws. One is for fire fighting equipment to cost \$32,000 and the other is for \$3,000 for cement sidewalks.

If you really want to see a really good display of produce go to the fair at Didsbury next week.

An old maid is a maid that's been made a long time.

Mr. Doherty, replying to the Returned Soldiers said: "You had better cease your agitation, the government has nothing for you, and, what's more, they are not to be intimidated." If hot air was music wouldn't Mr. Doherty make a fine brass band?

Hey, diddle, diddle, the cat's in the fiddle, the cow jumped over the moon, the sugar-trust laughed to see such graft, and fruit will be there soon.

The Carstairs Journal in its report of the football match last Wednesday between Carstairs and Didsbury says: Carstairs lost because the referee didn't know much about the rules of the game." Free advice to Carstairs: For every failure blame thyself and thereby gain the victory.

The G.W.V.A. benefitted to the extent of nine dollars from the collection taken at the football match last Wednesday evening. If the gentleman who made the mistake of thinking the match was Friday instead of Wednesday, will call at the Pioneer office, the secretary will be pleased to give him the biscuit for his ingenuity in inventing such an excuse for being absent.

Now, don't make a mistake about the fair days, Thursday and Friday, Sept. 25 and 26. It's next week.

The G.W.V.A. having got the Government to talk are now working hard to make it think.

Mr. Borden, Mr. Borden, oh, what can be done, my sons were all killed in the war with the hun, Mr. Borden, Mr. Borden, oh, what can I do, if now that I'm lonely further help's stopped by you. Mr. Borden, Mr. Borden, did you give you're all, when threatened with danger our country did call, Mr. Borden, Mr. Borden, try bring back our joys by giving a lump sum to our returned boys. Mr. Borden, Mr. Borden, to make it more clear, get after that scalawag, the base profiteer, Mr. Borden, Mr. Borden, unless this is done, you can rest well assured there's more trouble to come.

A profiteer was so overcome with emotion at the Prince of Wales' speech that he nearly gave a nickel to a blind soldier.

An old man has just died in Mexico, 93 years of age. He has been a cigarette smoker ever since he was seven. Take warning—cigarettes will get you sooner or later.

No correct reply has been received for last week's exercise in discount. The money saved was \$8.69.

If you want to treat your friends take them to the fair next week.

The staff of Didsbury High School feel that if the best results are to be obtained during the school year from the work of both teachers and pupils, a closer co-operation between home and school is necessary. It has therefore been decided to set a day each month when the parents and others interested may see the actual work of the school in progress. The first visitors' day is set for Wednesday, Sept. 24th. Visitors will be welcome from nine o'clock a.m. to four o'clock p.m.

A daring robbery took place on Sunday night at Mr. Chamber's drug store. The thieves broke in by the back entrance using considerable force as the screws fastening the slot for the bolt were forced away carrying big pieces of the woodwork away with them. They got away with about eight dollars in money, which happened to be in the cash register, sixty-five dollars worth of fountain pens, a watch, eight-dollar hand mirror and what whisky was on the premises at the time. Other articles may be missing, as a store with such a varied stock as is carried by Mr. Chambers takes a considerable time in checking up. No clue has, so far, been obtained as to the identity of the robbers.

A rather bad accident occurred last week when Mrs. W. G. Liesemer had the misfortune to get her hand caught in a power wringing machine. The thumb and little finger were split away from the other fingers, which necessitated several stitches being inserted to bring them together. Mrs. Liesemer pluckily stood the pain without flinching.

Jim Short, the barber, has returned from Calgary, where he had to undergo an operation for appendicitis. Jim says they didn't have to carry him down either. He has taken over the pool room and barber shop formerly run by Alf Smith and commenced work again this week.

"Isn't it funny," said a little girl to her bald-headed papa, "mama's hair is all waves and yours is all beach." And then there was trouble.

A tailor's advertisement says: Everything a man wears should harmonize, in color especially; if he has brown hair, a brown suit; grey hair, a grey suit; and so on. But he doesn't say what kind of a suit for a bald-headed man.

Mr. and Mrs. J. L. Brown returned from their long auto trip through the south country on Saturday night. While away their eldest son was taken with typhoid fever and had to be taken to the Didsbury Hospital. It was impossible to get in touch with them while away so they knew nothing of the lad's illness until they reached home.

Mr. and Mrs. Frank Reek left on Thursday for Winnipeg. Mrs. Reek is again under the doctor's care and had to be taken away for another operation. Hard luck. They also took the little Lamont boy with them for treatment.

Mr. and Mrs. Shackelford will leave for an extended visit to Wyoming and Kansas city on Saturday.

An error was made in the prize list for the Agricultural Society in the root classes. Instead of half a bushel of carrots it should have read half-dozen carrots.

The announcement in our advertising columns of the Robin Hood special prizes for bread have read purchased "three" weeks previous to date of Didsbury Fair
